

AIRPORT GENERAL INFO

The Joplin Airport provides all of the services of a large airport with daily non-stop service to Kansas City International Airport, yet with many conveniences travelers are seeking. As gas prices continue to increase, flying Joplin offers travelers a cost savings in comparison of driving to other airports to make connections. Plus, in Joplin there is no fee for parking and the check in and security procedures are much more convenient.

With service provided through Great Lakes Air, traveling to Kansas City, a major hub in the Midwest, is convenient and affordable.

Four daily roundtrip flights are offered to Kansas City International Airport. Joplin's [flight schedules](#) allow travelers to leave home in the morning and return to sleep in their own bed that same day.

In addition, the two Joplin Airport Industrial Parks house many locally-owned, regional and national manufacturing industries offering great location and opportunity.
